

YC51

YC51 cutting machine is automatic operated and offers quick and precise cutting for all types of hoses, it is designed for service use in production workshop.

YC51 offers safe cutting with protected blade and safety shield. The hose is pushed against the blade by pneumatic spindle, it is easy and simple to use, and it can be used for cutting up to 2" braided hoses efficiently, fast and safely.

Aluminum Shell Motor

Better heat dissipation

Soft noise

Stable performance

Compact Design

Light weight & small volume

Fits in any workshop

Pneumatic Automatic

Efficiently & Safely

Low noise & less smoke

YC51

Hose Capacity	2", 4SP (ID 51mm)
Motor Power	3kW/4kW
Standard Voltage	110V~480V
Blade Diameter	350*2.8*32mm
Speed of Blade	2880rpm
Control	Pneumatic/Automatic
Noise Level	60dB(A)
Weight	92kg
L x W x H	760*555*400mm

Standard Accessories

Smooth Blade

Foot Pedal

Optional Accessories

Toothed Blades

Smooth Blades

Working Table

Smoke Removal System
